

Table of Key Symbols

The key printing on Snom phones was modernized in 2016/2017. While some of the symbols have retained their basic appearance, others are new. In the below table both symbols are depicted side by side.

Key Symbol		Function	
2017	Prior	2017	Prior (if different)
		Volume, increase/decrease	
		Mute	
		Speakerphone	
		Headset	
		Freely programmable key	Record (where permissible under the law) or free key
		Retrieve message	
		Redial	
		Page (on phones with second screen)	
		Settings menu	
		Directory	
		Show IP address of phone's web interface	
		Call lists	Settings menu or freely programmable key
		Cloud (not configured)	Freely programmable key
		Conference	
		Call transfer	
		Hold	
		DND
