

10.1.46.15 Release

Release Date: **8 November 2019** - **PULLED BACK: 13. November 2019**

Important Notes

- Please note we had to pull back the release due to a blocking issue found after the release date. We are sorry for any inconvenience this may have caused.

Clarification regarding the pullback of this Release 10.1.46.15

Please be informed that we had to pull back this Release 10.1.46.15 because of the blocking issue:

SAP-4288: The phone crashed when the monitored phone held the call #Asterisk

which is corrected with the [successor Release 10.1.46.16](#)
