

Snom products lifecycle

The end of a product lifecycle is divided in 2 phases:

- End of Sale (EOS) and
- End of Life (EOL).

As a general rule, the End of Life phase starts 2 years after the End of Sale declaration.

Desk Phones

Product	EOS	EOL	Replaced by
snom 821	06 / 2015	06 / 2017	D765 / D785

Important Note

The replacement product may differ from the replaced device in hardware and software features. We cannot guarantee that the replacement device support the same firmware version of the replaced product. For more detailed information please check the related product documentation.

For a detailed definition of the support level during the EOS and EOL phases please refer to the following tables.

End of Sale (EOS)

When a product is discontinued the EOS is declared, the support level is defined by the following table:

Type	Description	Status
Hardware support	RMA, In-warranty replacement or repair (*)	Provided
Technical support	Troubleshooting and issues analysis via helpdesk and tech support	Provided
Software support	Development of new features and bugfix	Only security-related bug-fixing is provided
SRAPS support	Device support and new feature development (**)	Provided

End of Life

Two years after the EOS, the support level is defined by the following table:

Type	Description	Status
Hardware support	RMA, In-warranty replacement or repair (*)	Provided
Technical support	Troubleshooting and issues analysis via helpdesk and tech support	Not Provided
Software support	Development of new features and bugfix	Not Provided
SRAPS support	Device support and new feature development (***)	Not guaranteed and provided only if technical advancements permit it, SRAPS support may cease with short notice

(*) Please refer to the Snom [warranty terms and conditions](#).

(**) Devices without support for Mutual Authentication (snom 300, 320, 360, 370, 820) will only support redirection functionality.

(***) SRAPS support for devices without support for Mutual Authentication (snom 300, 320, 360, 370, 820) will cease at January 1st, 2019.
